

VISCO TOUCH

All foam in this product is CertiPUR Certified

FEATURES

- 1 For added strength, the heavy cotton twill outer shell is constructed like a box—with top, bottom and side panels—not like a pillow as on other futons.
- 2 Our futons have 25% more lace tufts than the competition.
- 3 We 'crown' each futon across the middle with several pounds of extra cotton top and bottom for extra comfort and support.
- 4 Double-stitched seams won't split or unwind.
- 5 Exceptional comfort comes from a full 3" layer of pressure-relieving memory foam, which adapts to your body's contours.
- 6 A 1" layer of high-resilience foam beneath the memory foam enhances comfort and resiliency.
- 7 The secret to the deep support and natural hinging action is a 4" layer of custom "contour cut" foam, grooved and slotted to reduce weight and ease closing to the sofa position.
- 8 The visco and foam layers are completely wrapped in a blanket of our exclusive 100% densified polyester fiber for added feel and stability.
