

WOOLWRAP

All foam in this product is CertiPUR Certified

FEATURES

- 1 For added strength, the heavy cotton twill outer shell is constructed like a box—with top, bottom and side panels—not like a pillow as on other futons.
- 2 Our futons have 25% more lace tufts than the competition.
- 3 We 'crown' each futon across the middle with several pounds of extra cotton top and bottom for extra comfort and support.
- 4 Double-stitched seams won't split or unwind.
- 5 Two 2" layers of 1.8 density H.R. foam—the finest and densest foam used in any futon—provide unsurpassed resiliency and long-lasting comfort.
- 6 There are 40 lbs. of cotton inside a full-size WoolWrap, twice what you'd find in most other futons.
- 7 No other futon compares to the WoolWrap for sheer luxury, with a plush 2" thick layer of superior New Zealand virgin wool completely surrounding the foam and cotton inner core.
